

Training and support

To ensure safe and effective assembly of our shelters, before and during implementation.

Training services		Recommended duration
1	Pre-training communication and organisation with partners.	Depending on the project and context, this phase can last between 2 and 3 days, spread over 2 to 3 weeks.
2	Assembly Training: The training can be held:- Off-site, in partner's or Better Shelter training facilities or headquarters.- On-site, where the partner's shelter program will be implemented. Better Shelter units set-up during the training may be part of the implementation of the shelter program.	2 – 3 days.
3	Implementation support and supervision.	3 – 5 days.

Field services		Recommended duration
4	Monitoring and evaluation.	5 – 7 days.
5	Site planning.	3 days.
6	Research and development	7 – 10 days.

Pro-active support	
7	To ensure that partners receive help when required, Better Shelter offers support tools and documentation on bettershelter.org . Better Shelter's proactive support helps partners to identify and resolve issues, to prevent problems and stay up-to-date with the latest documentation.

Better Shelter is a social enterprise based in Sweden. We develop and provide post-emergency shelters for humanitarian emergency response and contingency planning in collaboration with UNHCR and the IKEA Foundation.
