Contact us

We support partners before, during and after the implementation of our shelters.

Apart from technical support, we offer consultations on how you can adapt our shelters to meet your specific needs.

If you notice any inconsistencies in the content of this document or have any suggestions, please reach out.

Modular options according to family size

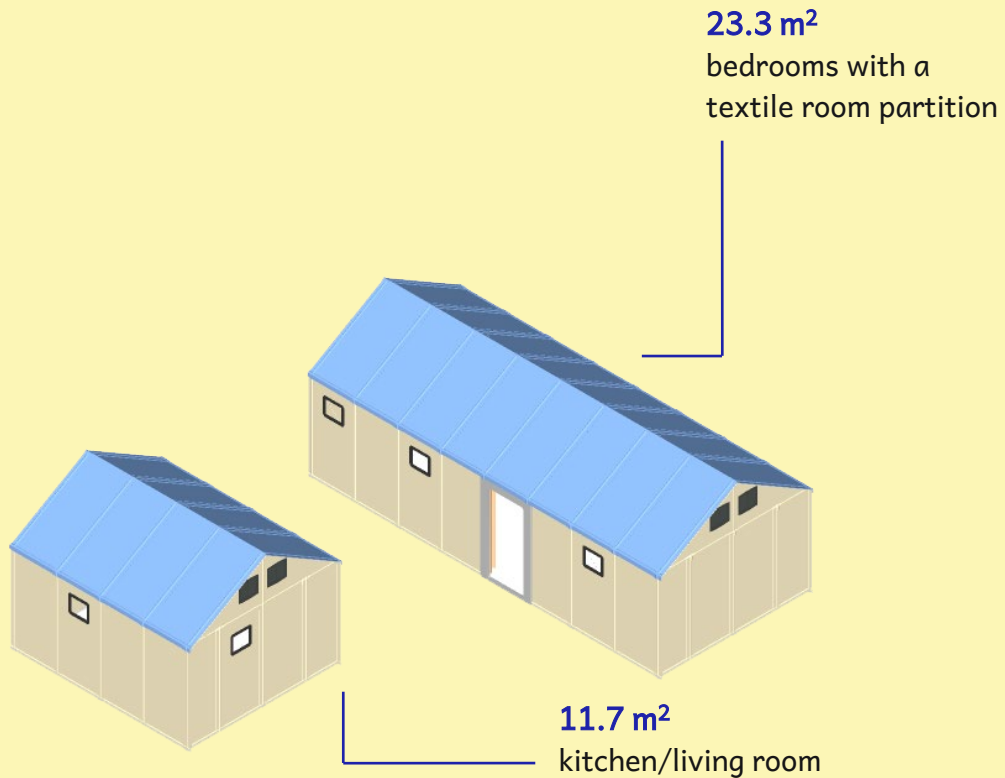

1 RHU - 17.5 m²
Households of one to four members

Sphere Project

Minimum 3.5 m² of living space per person, excluding cooking, bathing, and sanitation facilities. 4.5 - 5.5 m² of living space per person in cold climates or urban settings, including internal cooking space and bathing and sanitation facilities.

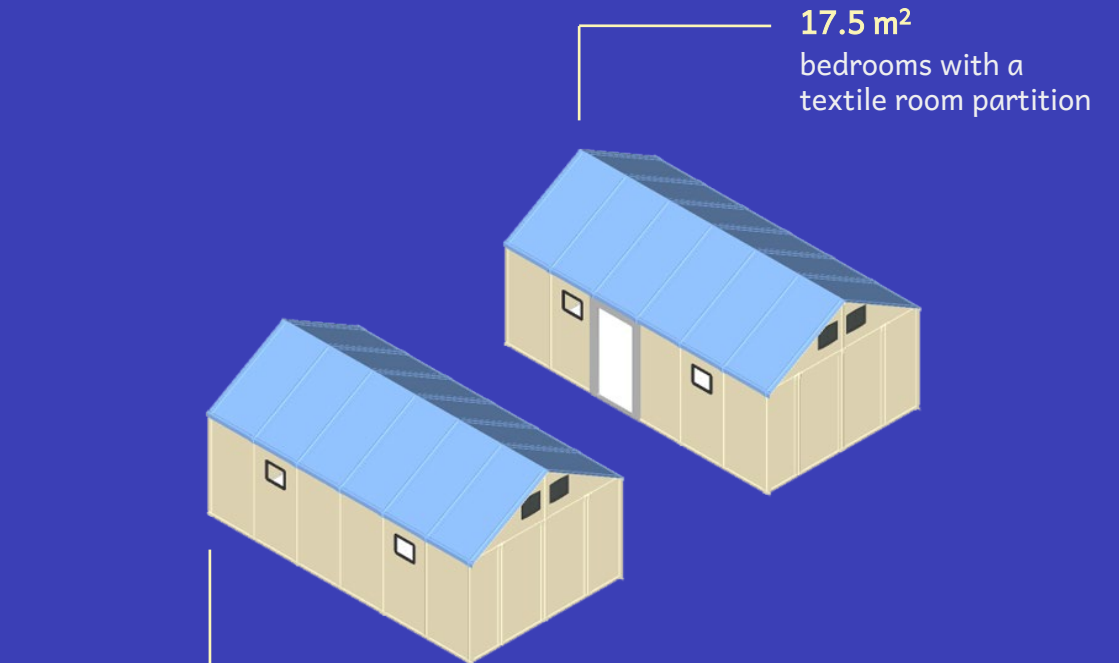

2 RHU - 35 m²
6-member households
option A

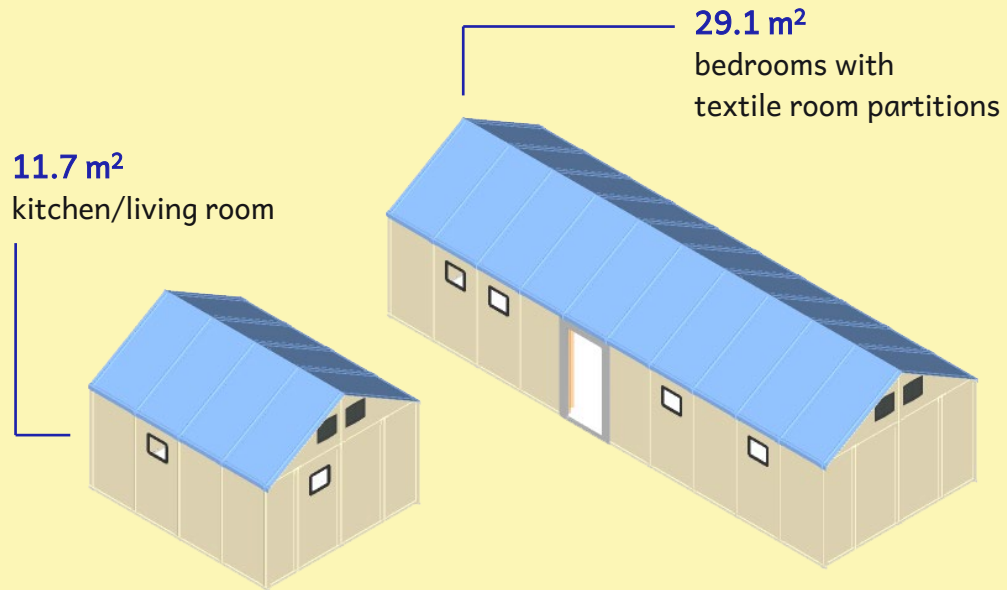

Sphere Project

Minimum 3.5 m² of living space per person, excluding cooking, bathing, and sanitation facilities.

4.5 - 5.5 m² of living space per person in cold climates or urban settings where internal cooking space and bathing and/or sanitation facilities are included.

2 RHU - 35 m²
6-member households
option B

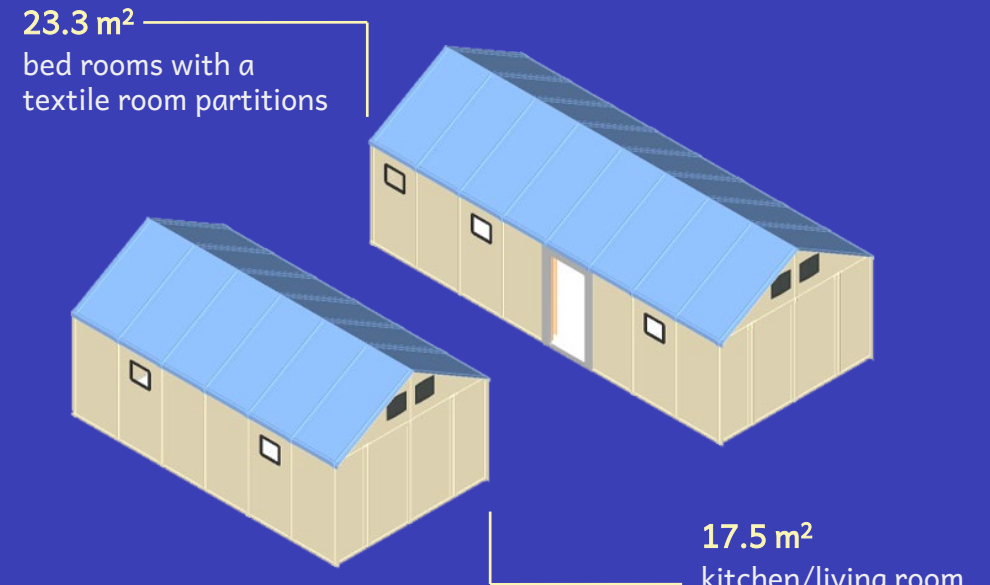

2.33 RHU - 40.8 m²
households of 7 or 8 members
option A

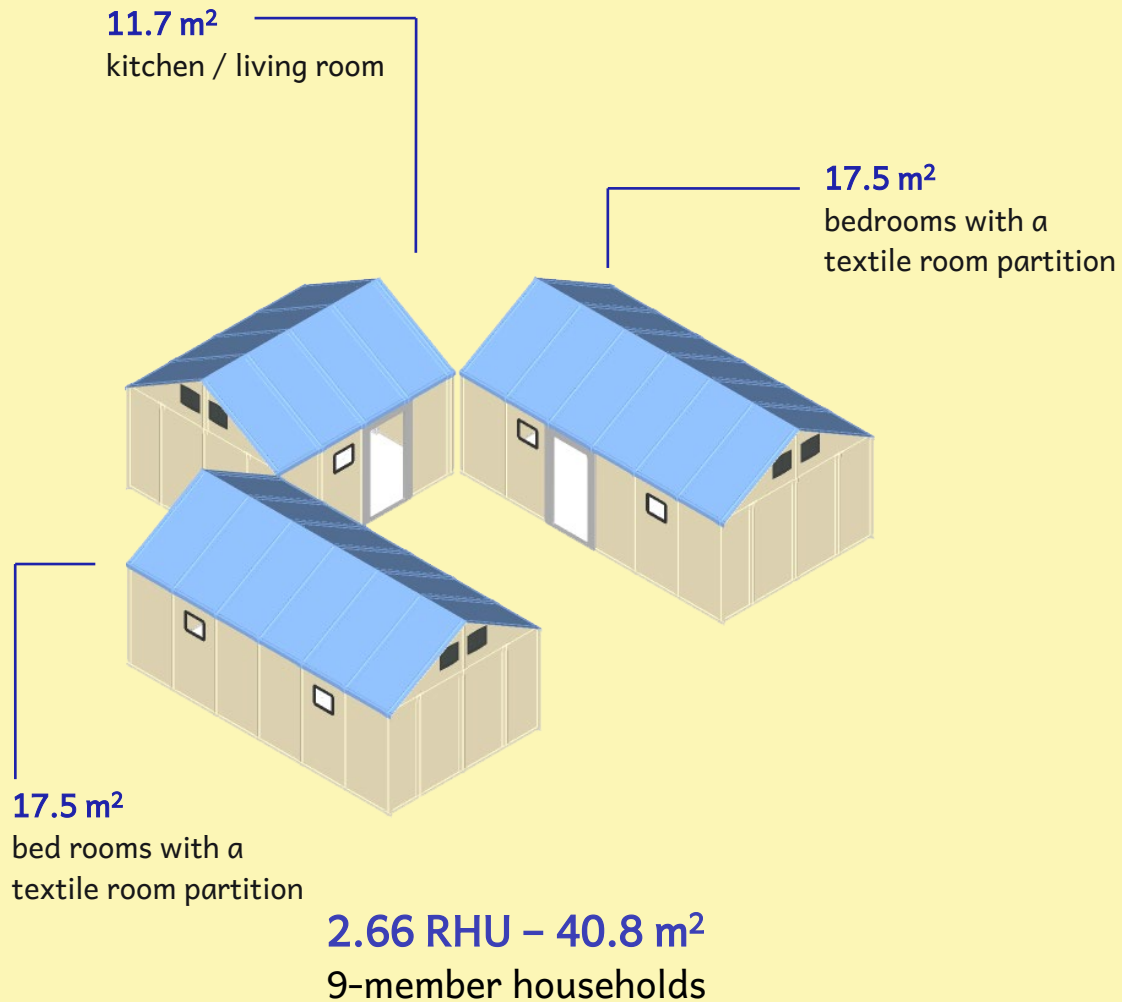

Sphere Project

Minimum 3.5 m² of living space per person, excluding cooking space, bathing area and sanitation facility.

4.5 - 5.5 m² of living space per person in cold climates or urban settings where internal cooking space and bathing and/or sanitation facilities are included.

2.33 RHU - 40.8 m²
Households of 7 or 8 members
option B

Sphere Project

Minimum 3.5 m² of living space per person, excluding cooking space, bathing area and sanitation facility.

4.5 – 5.5 m² of living space per person in cold climates or urban settings where internal cooking space and bathing and/or sanitation facilities are included.

Example settlement

2-member household: 1.00 RHUs x1 = 1 RHU

3-member household: 1.00 RHUs x2 = 2 RHUs

4-member household: 1.00 RHUs x7 = 7 RHUs

5-member household: 1.66 RHUs x5 = 8.33 RHUs

6-member household: 2.00 RHUs x4 = 8 RHUs

7-member household: 2.33 RHUs x3 = 7 RHUs

8-member household: 2.33 RHUs x3 = 7 RHUs

9-member household: 2.66 RHUs x1 = 2.66 RHUs

Total 43 RHUs

A human-centered design approach

We believe shelter is not just a product but a dynamic process. To that end, we embrace a human-centred design approach.

Every stakeholder's perspective is invaluable in our design process, and the people who inhabit our shelters are at the heart of our design philosophy.

We consider the intricate humanitarian landscape, the logistical challenges of UN agencies, INGOs and NGOs, and on-ground realities, cultural nuances, and climatic conditions.

We aim to develop shelters that seamlessly integrate with the diverse needs of the communities they serve.
